# OneLab

A Unified Response to Training Needs

Member Round Table

Mar. 19, 2021

U.S. Department of  
Health and Human Services  
Centers for Disease  
Control and Prevention

# Agenda

- Introduction to OneLab
- Member Round Tables: COVID-19 Training Resources
- Closing with Q&A

# Division of Laboratory Systems

## ***Vision***

Exemplary laboratory science and practice advance clinical care, public health, and health equity.

## ***Mission***

Improve public health, patient outcomes, and health equity by advancing clinical and public health laboratory quality and safety, data and biorepository science, and workforce competency.

# OneLab

A Unified Response To Training Needs

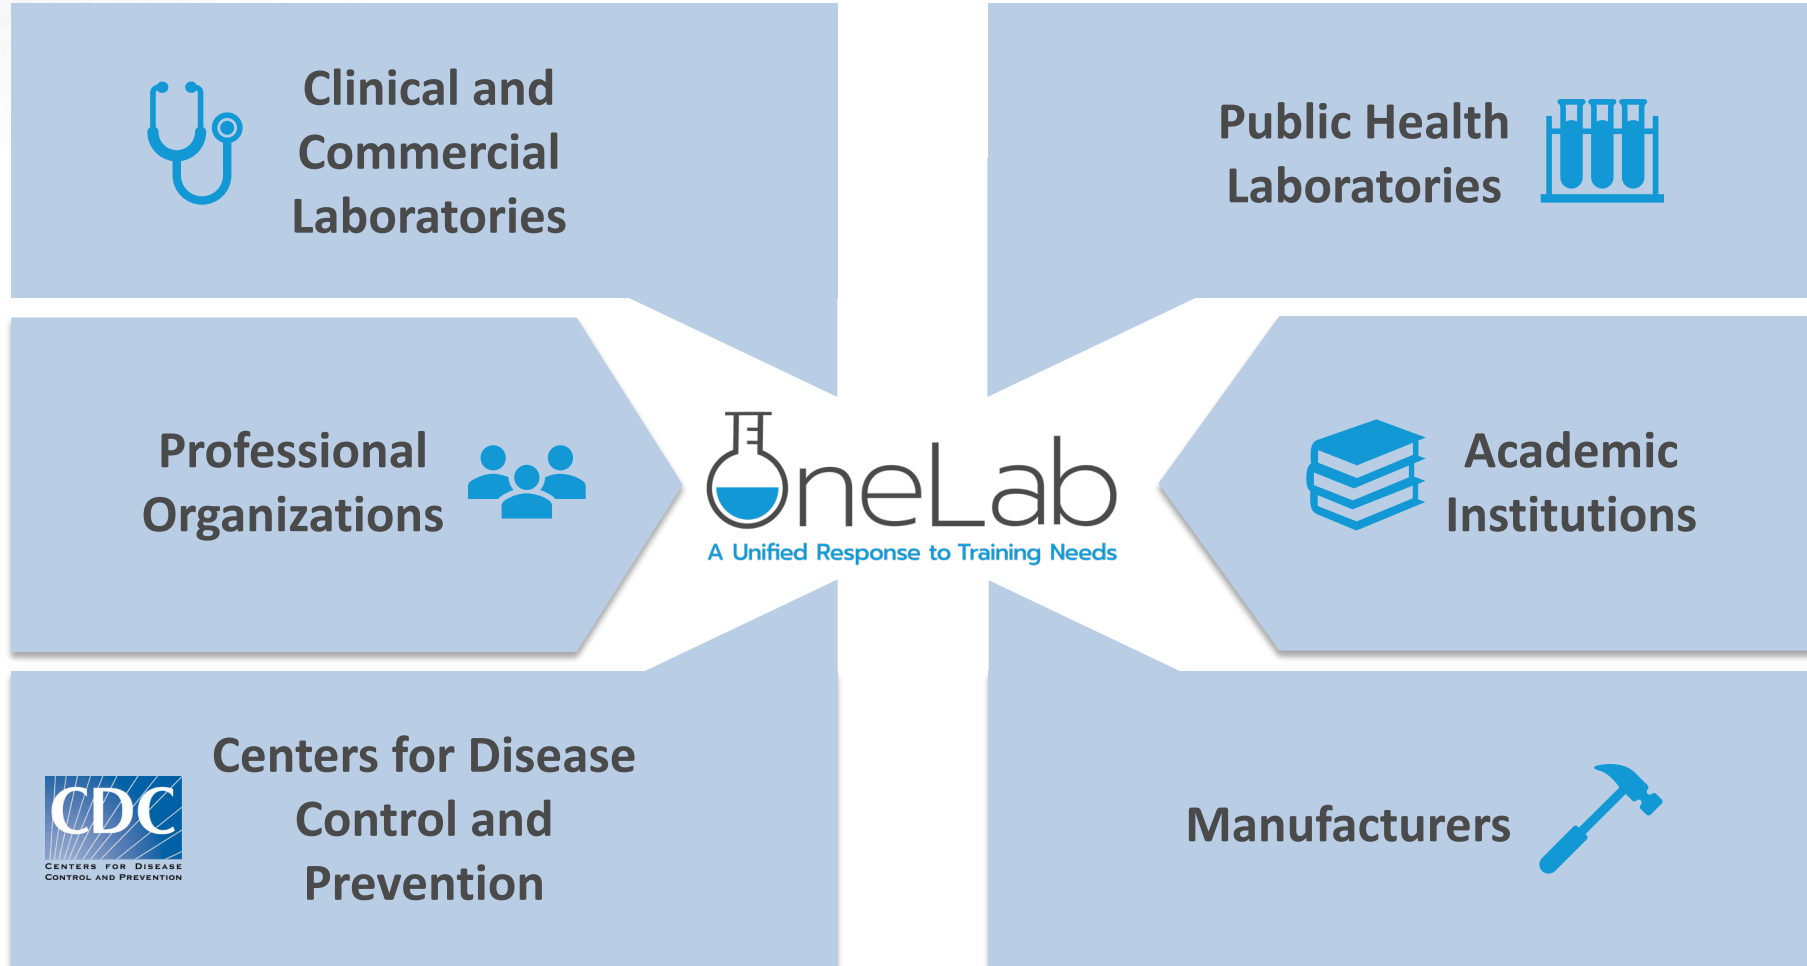

OneLab is an initiative to **strengthen interconnections between clinical, public health, and CDC laboratory education and training professionals** to collectively support rapid, large-scale responses.

The long-term goal is to establish a **sustainable learning community** to equip the clinical laboratory workforce with necessary tools, resources, and networks.

# OneLab Initiative

# Strengthening Networks

# Membership Benefits

- Opportunities to **provide CDC direct feedback** on training needs
- Newly developed and disseminated **education and training resources**, based on outcomes of a training needs assessment
- **Existing CDC resources relevant to COVID-19 response**
- Regular **communication**
- **Facilitated space in which to exchange lessons learned** and better practices for training and workforce development

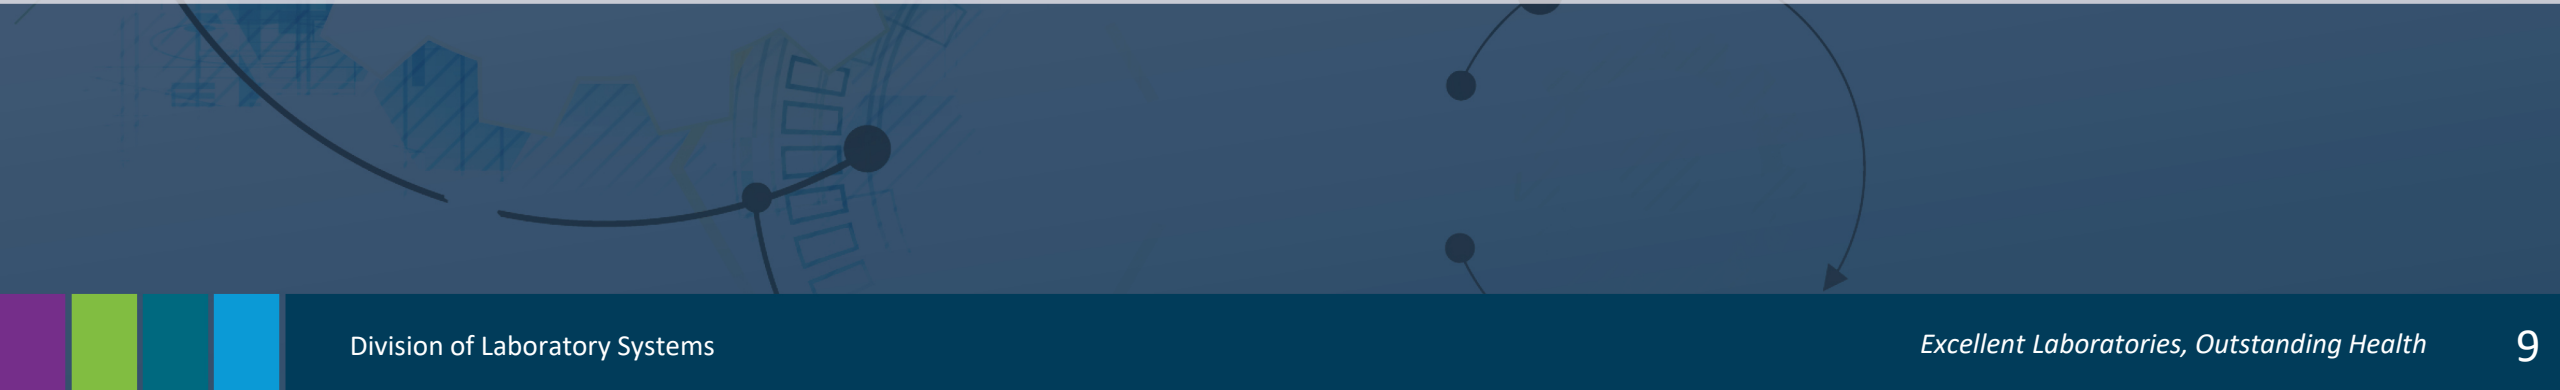

# OneLab Members as of 3/9

**1,737**

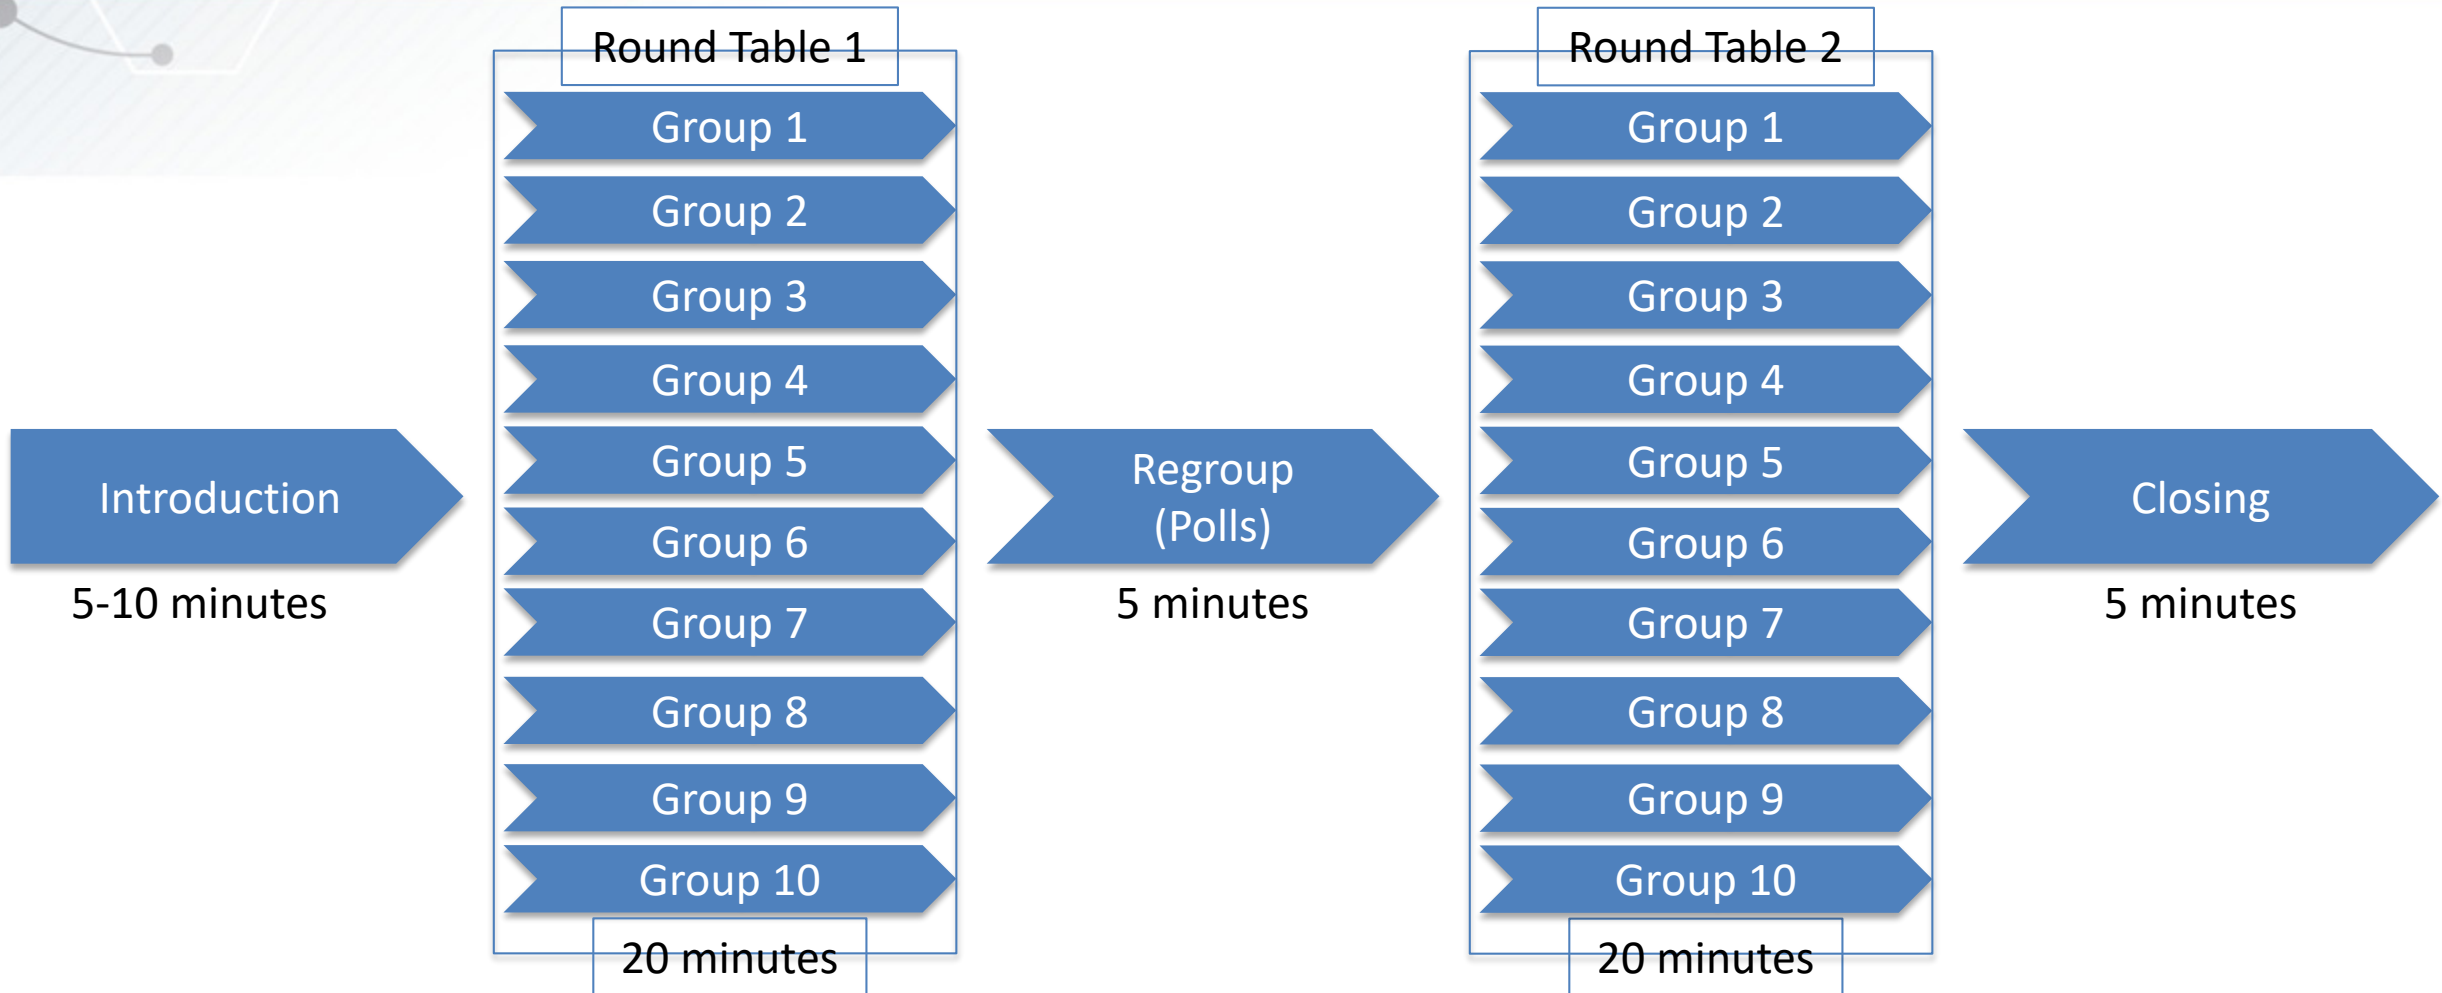

# MEMBER ROUNDTABLES: COVID-19 LABORATORY TRAINING NEEDS

# Member Round Tables

# Rules of Engagement

## 1. Ask questions of and share resources with one another based on the discussion prompts

Unmute to share your thoughts on the discussion prompts. When not speaking, stay muted. Video is welcome.

## 2. Introduce yourself to the group with the chat feature

You can message individual people directly through the chat feature, or you can message the whole group by selecting “Everyone.” Feel free to share contact information.

## 3. Be respectful of others and their thoughts

Differing perspectives are very welcome. Ideas expressed here are not necessarily representative or endorsed by the CDC.

# Round Table 1

# Poll Question

What region are you joining us from today?

# Poll Question

Are any of your work responsibilities related to the COVID-19 pandemic?

# Poll Question

Do you provide education and training resources to the clinical laboratory community?

# Round Table 2

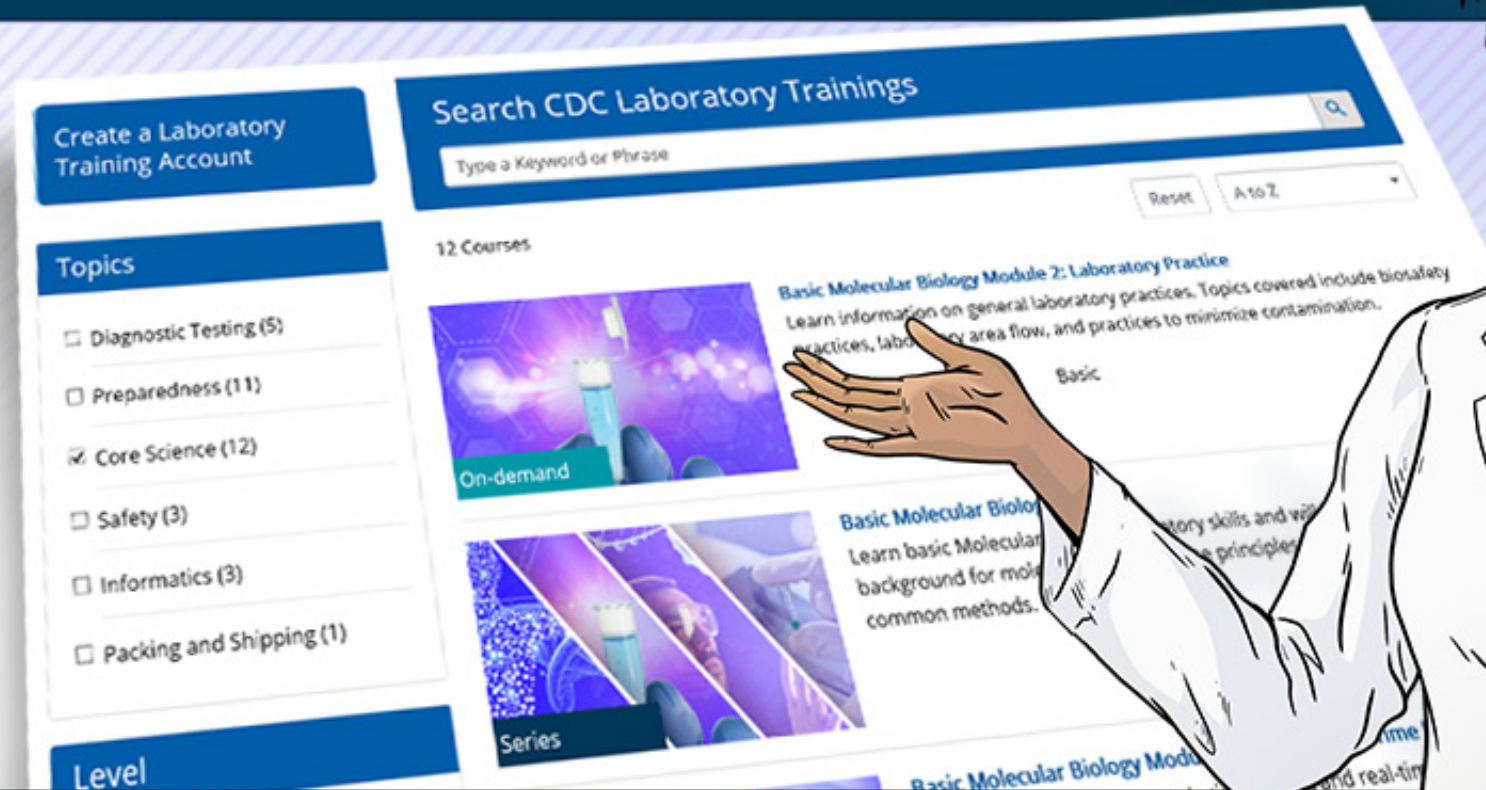

# EXISTING RESOURCES

# CDC just made it easier to find the right lab training course for you!

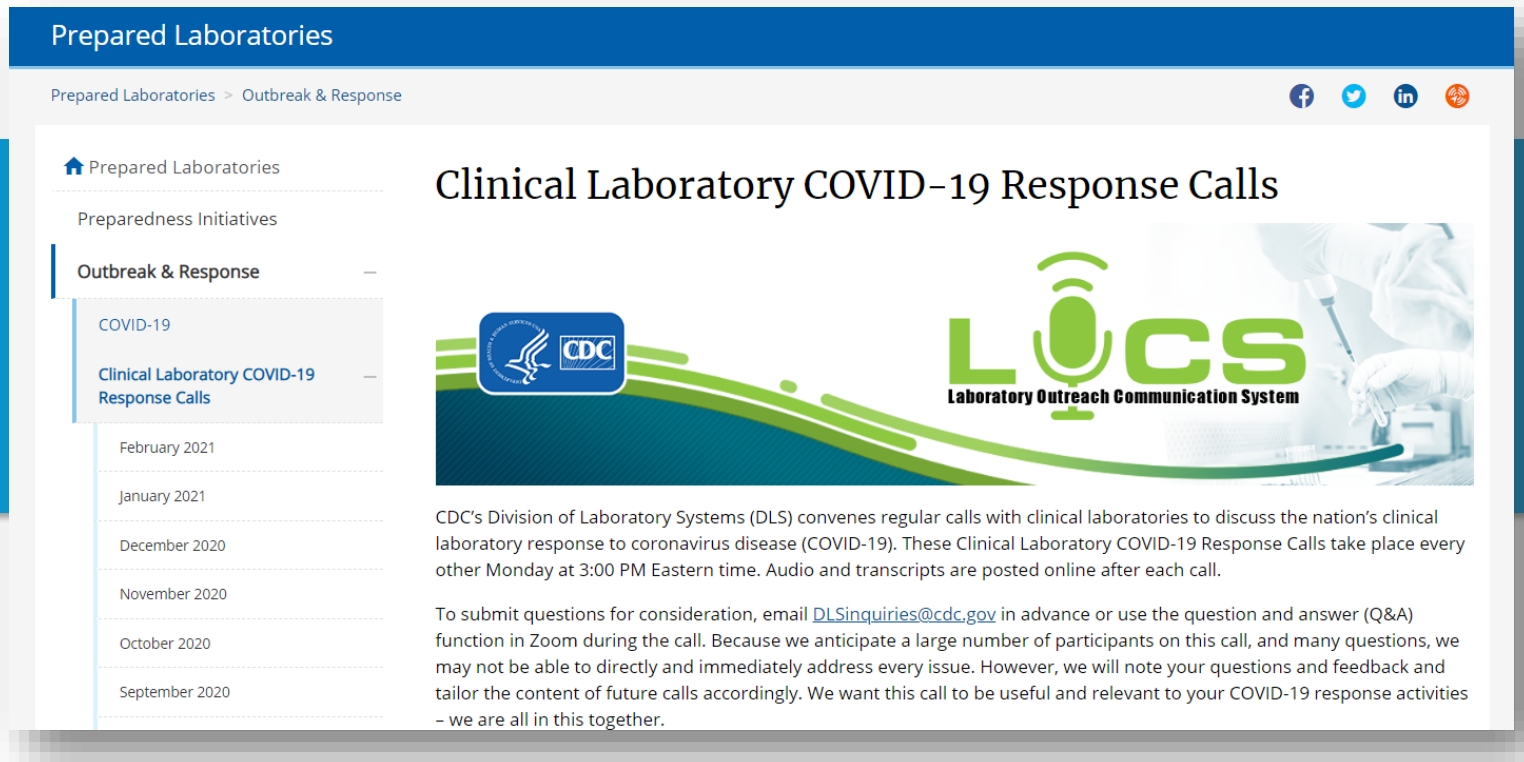

New search tool, active filters, and improved course page layouts

# CDC Preparedness Portal

<https://www.cdc.gov/csels/dls/preparedlabs/covid-19-clinical-calls.html>

Find CLCR call information, transcripts, and audio recordings on the CDC Preparedness Portal

The screenshot shows the 'Prepared Laboratories' section of the CDC Preparedness Portal. The page title is 'Prepared Laboratories' and the breadcrumb is 'Prepared Laboratories > Outbreak & Response'. The main content area is titled 'Clinical Laboratory COVID-19 Response Calls' and features the 'LOCS Laboratory Outreach Communication System' logo. The text describes the CDC's Division of Laboratory Systems (DLS) convening regular calls with clinical laboratories to discuss the nation's clinical laboratory response to COVID-19. It states that these calls take place every other Monday at 3:00 PM Eastern time and that audio and transcripts are posted online after each call. A sidebar on the left lists the months from February 2021 to September 2020, with 'Clinical Laboratory COVID-19 Response Calls' selected under 'Outbreak & Response'.

## Clinical Laboratory COVID-19 Response Calls

CDC's Division of Laboratory Systems (DLS) convenes regular calls with clinical laboratories to discuss the nation's clinical laboratory response to coronavirus disease (COVID-19). These Clinical Laboratory COVID-19 Response Calls take place every other Monday at 3:00 PM Eastern time. Audio and transcripts are posted online after each call.

To submit questions for consideration, email [DLInquiries@cdc.gov](mailto:DLInquiries@cdc.gov) in advance or use the question and answer (Q&A) function in Zoom during the call. Because we anticipate a large number of participants on this call, and many questions, we may not be able to directly and immediately address every issue. However, we will note your questions and feedback and tailor the content of future calls accordingly. We want this call to be useful and relevant to your COVID-19 response activities – we are all in this together.

# Poll Question

How would you rate today's OneLab session?

# THANK YOU FOR YOUR PARTICIPATION!

## Next Meeting: April 23, 2021

Feel free to reach out to [onelab@cdc.gov](mailto:onelab@cdc.gov) if you have any questions.
