OneLab Summit invites you to join us for the upcoming virtual event:

The Role and Importance of DEIAB in Public Health Workforce Development to Advance Health Equity

Diversity, equity, inclusion, accessibility, and belonging (DEIAB) are essential to developing the public health workforce. In this session, we will discuss the importance of DEIAB and explore approaches to improving health equity across communities. Topics will include the role of DEIAB in recruitment, retention, and advocacy efforts for promoting the field of public health.

Each OneLab Summit Presentation Includes:

- OneLab relevant resources
- Opening remarks
- Presentation
- Q&A

Objectives

After completing this training, participants will be able to:

- Describe DEIAB and its role in the public health workforce.
- Explain the importance of DEIAB in workforce development initiatives for public health.
- Discuss approaches for the advancement of health equity among marginalized populations.
- Identify opportunities for integrating DEIAB into training and education for public health professionals.
